

**GOVERNMENT OF ANDHRA PRADESH  
ABSTRACT**

ITE&C Department – ePragati – Declaration of 2017-18 as the Year of ePragati - Orders – Issued.

---

**INFORMATION TECHNOLOGY ELECTRONICS & COMMUNICATIONS  
DEPARTMENT (e-GOVERNANCE)**

G.O.RT.No. 27

Dated: 28-04-2017

Read:

1. GO MS No. 19 ITE&C Department dt. 28-9-2015

\*\*\*\*\*

**ORDER:**

The Government had approved the implementation of the e-Pragati Program, as a portfolio of e-Governance Projects and Packages, designed adopting the principles of Enterprise Architecture and implemented in a federated manner with the participation of all the departments. The requirements of the Greenfield projects have been prepared as e-Pragati Requirement Specification (ePRS) documents. e-Pragati Integration Documents have been prepared for the Brownfield projects, which are already being implemented by the Departments. It is felt most essential at this stage that a concerted effort is made at multiple levels by all the Departments, closely coordinated by the ITE&C Department. This requires creation of a unified vision and action plan and strict compliance by all the Departments.

With a view to create the required environment of coordination, synchronisation,, communication and unison, the Government has decided to declare the Financial Year of 2017-18 as “**Year of ePragati**”. During this year many initiatives related to ePragati shall be organised and all the departments of Government need to participate in the program, set up time-bound goals for showing progress and work to achieve them in relation to ePragati.

The following activities and tasks are specified to be completed or achieved during the **Year of e-Pragati(2017-18)**:

1. All the **greenfield** packages and projects shall be launched by the Departments which have been assigned the Primary Responsibility in the GO cited, **invariably within the Financial Year 2017-18**. This includes issuance of RFPs, identification of System Integrators for each Package/Project, close supervision of development of the applications for delivery of envisaged services. An indicative monthly calendar of events for implementation of ePragati Packages/ Projects is shown in the “**Annexure**”. The respective departments are required to prepare detailed action plans to adhere to the time lines mentioned in the Annexure.
2. The Annexure also indicates the **Quick Wins** and the **Game Changers** which create the desired impact of the e-Pragati Program at the field level. Quick Wins are sets of citizen-facing services that can be launched in a short time with a special focus and create large-scale impact among the citizens/ businesses in the State. Game Changers involve adoption of new technologies. The Departments are requested to fine-tune the

P.T.O

quick wins and game changers and identify additional Quick Wins/Game Changers, as necessary.

3. All the **brownfield** projects (ongoing and operational projects) shall be integrated with the Core platform of e-Pragati, by the respective line departments, following the e-Pragati Integration document relating to such brownfield project, prepared by the ITE&C Department.
4. The department of ITE&C shall conduct at least **4 Seminars & Conferences** related to the themes of ePragati during the year 2017-18. The indicative themes for the events are Citizen-centric Services, Transformation targeted or achieved by the departments in Service Delivery, Game Changers introduced, Capacity Building and Impact Assessments post-implementation of e-Pragati services.
5. In addition to the events indicated in the preceding paragraph, the departments participating in e-Pragati Program may also plan to conduct **domain-specific events** bearing upon their role in e-Pragati Program.
6. In order to provide the necessary focus and streamlined and coordinated implementation of the multi-departmental program of e-Pragati, all the participating departments are requested to designate a senior officer at the level of Additional Commissioner/ Director as the **e-Pragati Officer** by April 2017, with the specific responsibilities shown below:
  - a. Act as the SPOC (Single Point of Contact) for all matters relating to implementation of e-Pragati;
  - b. Convene/ facilitate convening of the meetings of e-Pragati Procurement Committee of the Package/ Project relating to the domain/ department;
  - c. Manage the bid process for identification of the System Integrator for the package/ project;
  - d. Coordinate with all the departments related to the Package/ Project to ensure that there are no delays or ambiguities;
  - e. Participate in the meetings of EASG and EADG, along with the Principal Secretary, whenever the package/ project of the domain/ department comes up for consideration of EASG/ EADG and represent the Principal Secretary at these meetings, in the event of non-availability of the latter.
  - f. The ePragati Officer will be given the exclusive responsibility of ePragati Projects and will not be transferred to any other assignment during the years 2017-2018, 2018-2019 to ensure continuity of Project Implementation from the conceptual stage to complete implementation.
  - g. The Department of ITE&C will impart training to the ePragati Officers to enable them to act as CIOs of the respective departments and also acquire the Project management skills.

::3::

7. The Department of ITE&C shall conduct a **e-Pragati Hackathon** with the objective of exciting the imagination of Startups and supporting them to develop applications that supplement the portfolio of e-Pragati services.
8. The Department of ITE&C may also initiate the planning for establishing the **e-Pragati Academy** as a Centre of Excellence in e-Governance.

**(BY ORDER AND IN THE NAME OF THE GOVERNOR OF ANDHRA PRADESH)**
